Industry vendors are kindly encouraged to sustain presentation about how they integrate mechatronics in products and solutions. The language of presentations is English and the duration is about 40 minutes. By request exposition stand (desk, chairs, poster wall) is available in the University Aula.

The presentations are held during the parallel sessions of the Conference on March 20, 2009.

Industry vendors are encouraged to present their job opportunities coming with this in help of graduating students.

For presentations and/or exposition there are no fees, even so the organizing committee is thanking for sponsorship. The sponsoring company logo, short presentation and web link will be available on Conference website and in the Conference Proceedings.

March 20-21, 2009

Parallel session:
Mechatronics — industrial reality

The 1st Conference on Recent Achievements in Mechatronics, Automation, Computer Sciences and Robotics (MACRo2009) will be held at SAPIENTIA University, Tîrgu Mureş on March 20-21, 2009. Contributions based on theoretical research, simulation, experimental work, design, development, testing and measurements are solicited for presentation at the conference.

The conference topics includes, but is not limited to:

- Mechatronic systems
- Mechanical engineering
- Manufacturing
- Automation
- Computer sciences
- Robotics

Prospective authors must submit an English language abstract according to the template found on the Conference website, no later than 1st March 2009. Please send the abstract to:

macro2009@ms.sapientia.ro

All the accepted abstracts will be published in the Conference Proceedings, and after the reviewing process selected papers will be included in the [Acta Universitatis Sapientiae](#), the international scientific journal of the [Sapientia University](#), Electrical and Mechanical Engineering series. Online full paper submission deadline: 15 March, 2009.
